

Collaboration

The direct collaboration with the main printheads' manufacturers, machines producers and clients is the main aim of our work and the key of our success.

Verification and approval of our inks with the main inkjet printheads' manufacturers.

Optimization of our inks as a consequence of the continuous teamwork together with machines producers.

Specific adjustments to the Client's needs.

Our results allow us to guarantee:

- An excellent technical assistance thanks to the high technological knowledge in all the phases of inkjet process.
- Fast adjustment to the market's requirements.

In addition to its inkjet colours, Colorobbia offers:

- Major flexibility in production model's changes.
- Lower inventory in quantity and number of inks.
- Possibility of working with larger sizes.
- Very advanced new projects.
- Combination of designs with all reliefs.
- International organization to assist clients around the world.
